INSTRUCTIONAL BULLETIN NO. 99-10

SUBJECT: Paving Under Guardrail- Updated

EFFECTIVE DATE: July 23, 1999

SUPERSEDES: Instructional Bulletin No. 95-17 – Paving Under Guardrail

RE: Standard Drawing No. 403-2

State Highway Engineer D. H Freeman has authorized the use of asphalt paving under guardrail on Interstate and selected Primary Projects. When this is used, it must comply with Standard Drawing No. 403-2. He also requested that the cost of this practice be tracked and reviewed periodically in order to determine its continuance.
